

CTS FACT SHEET

**Changing lives.
Changing communities.**

Who We Are

CTS is a post-baccalaureate school and learning resource. We are called to influence all levels of society with transformed, trained leaders, who bring transformation using Kingdom principles.

What We Do

We focus on offering classes and training for entrepreneurial, risk-taking leaders in the context of a learning community, and we coach/mentor these leaders in the application of Christ and Kingdom principles to all sectors of society.

What Makes Us Different?

We are focused not just on the acquisition of knowledge, but on the actual transformation of the learner and the arena they lead.

Core Subjects

Biblical Foundations for Kingdom Living
Relational (Trinitarian) Theology
Historic Doctrines and Thinking about Faith (Worldview)
Kingdom Principles and Cultural Change

LAUNCHES this FALL!

Target Audience

Primary Target: Entrepreneurial vocational Church leaders and Christian business leaders. They are risk-taking, Christian adults who are post-baccalaureate.

Secondary Targets:

Non-baccalaureate individuals who complete a special application with life experience, educational background.
Community leaders who desire to learn how to use and apply Kingdom, Christian principles to leadership.

What We Mean by Transformation:

Transformation, as we recognize it, is the measurable shift from a self-centered focus and lifestyle, to an increased awareness and alignment to God, and an influence marked by greater acts of love and kindness within a community, and/or region. This transformation can occur in varying scales from the individual's life to entire people groups and sectors of society.

FOUNDATIONAL CONVICTIONS

• *There are many congregations but one Church in any city, and we are to love and bless that Church.*

• *Humility is foundational to growth and unity. Learning experiences best occur in a context of evangelical diversity.*

• *There is a unique contribution of each race and culture to the Body of Christ, and each is vital and necessary for community transformation.*

• *Theology is relational in its very nature, understanding and practice. Obeying Christ's command to love one another is at its core.*

• *Learning should be done in the context of a community of learners.*

• *Emotionally healthy and spiritually free people are best able to carry out Christ's command to see more and better disciples, and advance the Kingdom of God.*

• *The practice of the priesthood of all the believers is essential for the Kingdom of God to be established in a city.*
